

Presidium's Meeting 26.02.2014

Start: 20:07

Finish: 21:00

Protocol: Moein

Present: Dorothee, Ashkan, Stefan, Moein, Liliya, Lyubomir, Fiona, Paul, Agata, Santhosh (20:40)

1) Drying Room

Moein explained that we can use one of the Family Rooms as the drying room, so people can place their drying stands there. He is preparing the room and it should be ready in the coming weeks. As soon as it would be ready, he would announce it in the mailing list.

2) Vacuum cleaners

Two vacuum cleaners are required for the dormitory and they cost around 150 Euros. There was a voting if we should spend 150 Euros to buy two vacuum cleaners and everyone agreed and voted to spend the money to buy two vacuum cleaners.

3) The Iron

People are coming quite often to Agatha to get the Iron. As it's not the case by other floor managers, Agatha would get the Iron from one of another floor managers.

4) Outdoor Ping-Pong table

6 Persons find having a permanent outdoor ping-pong table interesting. Fiona would talk to Studentenwerk about the possibility of getting financial support from them. The discussion would continue after receiving the answer from Studentenwerk.

5) Heimbar Storage

There was the question from Stefan, if the drink delivery company has the key of our Heimbar storage, as he saw them going to the Heimbar storage without any of the Presidium's member being available there.

Lyubomir answered that they have a key for a quite long time, and as there was no discrepancy and no problem until now, we continued like that.
